Summary

I am an adaptable Software Engineer skilled in delivering high-quality software solutions while navigating complex technical challenges. With a strong proficiency in multiple programming languages and frameworks, database management, hardware maintenance, networking configuration, and security management, with strong problem-solving and communication skills, I collaborate effectively with stakeholders to deliver innovative and efficient solutions.

Skills

- Proficient in multiple programming languages including **JavaScript, Python, PHP, HTML, and CSS.**
- Expertise in modern JavaScript frameworks such as **ReactJS/Redux, VueJS, NodeJS, and ExpressJS.**
- Strong experience working with databases such as **MySQL, MongoDB**, and **Firebase.**
- Skilled in hardware maintenance, networking configuration, and security management to ensure optimal performance and security of systems.
- Excellent problem-solving skills, able to identify and solve complex technical problems efficiently and effectively.
- Strong communication skills, able to effectively explain technical concepts to both technical and non-technical audiences.
- Experienced in managing projects and teams, able to prioritize tasks and manage deadlines in a fast-paced environment.
- Proven ability to work collaboratively with cross-functional teams to achieve project goals and deliver high-quality software products.
- Passionate about staying up to date with the latest technologies, tools, and industry trends, and quickly adapting to change.

Experiences

Software Developer
ServiceHub | Contract — Accra, GH
Jan 2023 - Present

- Developed an admin dashboard using **ReactJS** and **Mantine UI and TailwindCSS** for a service request application, improving the data visualization and work-flow management.

Software Engineer
Norina Electrical Engineering Service | Freelance — East-Legon, Accra, GH
Dec 2021 - Hold

https://www.norilec.com

- Determined timing for website product and deliverable rollout to maximize initiative effectiveness.
- Integrated third-party forms, data, back-end services, and specialized content to personalize WordPress theme layout and arrangement.

Software Developer
Living Anchor Chapel |Remote — Ashaiman, GH
May 2021 - Aug 2021

- Designed user-friendly software interfaces with **HTML, CSS, and JavaScript** to simplify overall management of the **Living Anchor Chapel (LAC)** using **PHP** as Backend and MySQL as DB.   **Church Manager V1.0**
- Participated in code review meetings, providing input on bugs, inefficiencies, and potential solutions to emergent issues.
- Collaborated with internal Credit Union officers of the church and third-party financial manager to define, design, and deliver on user stories and customer demand.
- Reviewed and modified unit and integration tests to improve software quality and reliability.
- Completed design projects to meet budget, equipment, performance, and legal requirements.

IT Officer   Oct 2020 - Jun 2021
Graphic Communication Group Ltd. — Accra, GH

- Installed and maintained computer systems and networks on computer stations in various units.
- Diagnosed successfully and resolved hardware and software issues on User workstations and on Servers.
- Resolved technical issues and maintenance of EBS Systems (Oracle) and Zimbra Mail Servers.
- Optimized the performance of hardware and software.

Web Designer/Web Developer   Jan 2021 - Apr 2021
Suncity Medical Centre | Remote — Tema, GH

- Designed the entire website, portals, and large-scale web applications using the **Bootstrap** framework for the Suncity Medical Centre.   **https://suncitymedicalcentre.org**
- Collaborated with Suncity medical expert (Doctor) to develop patient-friendly and usable websites and web-based modules.
- Repaired issues causing site crashes, resulting in elevated uptime and increased patient-user experience.

Jnr. IT Officer   Sep 2018 - Aug 2019
Graphic Communications Group Ltd — Accra, GH

- Optimized the performance of hardware and software.
- Configured and tuned networking equipment and overall computer network, both ethernet and Wi-Fi 100% successfully.
- Dealt with technical questions from users.
- Provided phone, chat, and in-person support.

Web-Design Instructor   May 2014 - Sep 2014
